NEW PUBLICATIONS. JUST PUBLISHED—THE TENTH EDITION OF THE magnificent historical work, called the "Napoleon Dynasty," or a History of the Honaparts Family. By the Berkeley Hen, I vol. svo. cloth, \$2.50. Illustrated with twenty-two cleant portraits in tinto. Cornish, Lamport, & Co., publisher, No. S'Park Place. From the American press:—Fascinating to the casual reader, it is invaluable to the student of blographical history, and as a work of reference must find its way into every gold library.—New York Mirror. ence must find its way into every good library.—Now Yorld its written. The style of the work, and the spirit in which it is written as well as the great characters, the brilliant genius, shining qualities, wonderful activity and enorgy, and spiendis achievements which are exhibited in it, all combine to make it exceedingly attractive. The work whole subject of the work

qualities, wonderful activity and energy, and splendid achievements which are exhibited in it, all combine to make it exceedingly attractive. The whole cubject of the work, the bistery of nearly all the Bonaparte family, is the most romantic, marvellout, and enchantics, which can be found upon the pages of history.—National Intelligencer.

"The Napoleon Dynasty" is the ablest and most brilliant work that has been written on this subject, in the Ragitah language. It is not enly perveded throughout with a spirit of independence and manly expression of an American cities of the pendence and manly expression of an American cities of the pendence and manly expression of an American cities of the provided the brown of a prince; but the work breather the spirit of analytical philosophy.—United States Journal.

The book in all respects, does honor to the intellect and bistoric research of this country.—New York Express.

It contains a vast number of fasts concerning the most attractionary of modern families, which it would require reference to a whole library to obtain in any other way:

The work was well worthy of being done. — * People like your authors—who save them trouble, who give them many facts in comperatively small compass, and such are the Berkeley Men.—Boston Daily Times.

In point of style, the work will comcare with any other of the ags. We know not who the "Brikeley Man" are, but they need not be ashamed of their work. Every page is a gom in itself, of almost faulties; composition, ever admirably adapted to the subject in hand, and a layany clear, condensed, and to the point; never varboss, wandering ortedious. The style of the work, in fact, combines the finely rounded period and Savon concounness of Manual and Presents, with the epigrammanic tremers and dramatic effects of Lamartine, Thiers, and Guisot; and with all these charms of diction, it fails not to deal with all itsefacts as the chroneler should, with strict regard to truth, and a rigid impartiality—extenniant program and interesting —Northern

in the life of the remarkable man who awayed the destings of France and Europe for fourtees years.—London Sunday Times.

Altogether, the work is well warthy the patronage of those English readers who are interested in the family of the Benaparts.—London Daily News.

This book professes to be an impartial history, has been elaberately prepared, and the greatest care and judgment shown in the selection of the materials from which it is compiled. Parts of the work are writtee in a brilliant style, others in a pleasant, ancedetal manner, and the whole is elected and comprehensive. It is certainty only America that could have produced even a tolerably impartial history of the Bonaparte family. The Emperor is drawn as a great General and statesman, but not as a faultiess one. Writers have striven to blight the chara-ters of all connected with Napoleon. To bis brothers have been attributed the worst of vices, and his sisters, first wife, and her child, have been charged with the blackest crimes which can define the purity of woman. The book now before an denies all these imputations, and denounces them as the fabrications of avowed cen mice of the whole family. We agree with them perfectly, and are glisd to find that America haveouse forward to receive the fame of the slanderer, —London Court Journal, first notice.
